

OVERCOMING BARRIERS

to System-
Wide Action in
the WASH
Sector

Center for International
Water and Sustainability

BARRIERS

We'll describe some of the barriers that are preventing diffuse adoption of system-wide approaches.

PROMISING APPROACHES

We'll share lightning case studies of promising approaches in Ghana, Uganda, and other countries.

CROSS- FERTILIZATION

This will prompt personal reflection and sharing of experiences and ways forward in small group discussions.
