Impact: In many areas where Water Mission works, women and children spend 2-3 hours walking to collect water every day. In most cases, their walk is one to four miles and the water they collect is not safe for drinking. At the 2020 Walk for Water, we will walk in honor of our neighbors around the world who walk to collect water every single day and raise funds in order to bring safe, clean water to communities around the world in a sustainable way.

About Water Mission:
Water Mission is a nonprofit Christian engineering organization that designs, builds, and implements safe water, sanitation, and hygiene (WASH) solutions for people in developing countries and disaster areas. Since 2001, Water Mission has used innovative technology and engineering expertise to provide access to safe water for more than four million people in 56 countries. Water Mission has 350 staff members working around the world in permanent country programs located in Africa, Asia, North, South and Central America, and the Caribbean. Notably, Charity Navigator has awarded Water Mission its top four-star rating 13 years in a row, a distinction shared by less than one percent of the charities rated by the organization.
